

## Urban Design Quarterly – *UDQ Inaugural Issue November 2018*

With a great pleasure, IUDI would like to announce the launch of the inaugural issue of Urban Design Quarterly (Magazine) with an endeavor to share, disseminate and promote creative thinking on our cities as approved by the General Council. IUDI has always been inclusive in its approach and this journal is a small step towards transcending the boundaries between disciplines, therefore, initiating a much-needed dialogue between academia, practice and research in the field of urban design and other allied disciplines involved in the urban development processes in India.

Publication frequency: Quarterly (Feb-May-August-November)

### Features

- 1) **City Profile (regular feature)**  
Urban design profile of cities in India
- 2) **Crosscurrents (regular feature)**  
Debating important urban design and planning issues of South Asian and Indian cities in the context of current urbanism practices
- 3) **Urban Design Now (regular feature)**  
Case studies and project profiles of urban design projects in South Asian and Indian cities
- 4) **Dialogues (regular feature)**  
Interaction platform for urban development stakeholders. Discourses on development, design and future of urban design and management practices
- 5) **Photo Essay (regular feature)**  
Visual profiles of South Asian and Indian Cities
- 6) **News and Events (regular feature)**  
Updates on news and events of the 'urban' world
- 7) **Student Works and Institutional Section (regular feature)**  
Updates on news, activities, openings and events organized by Institutions offering Urban Design Program.

Besides these regular features, the magazine will have a special focus issue.
